A Car Rallye is NOT a race!

Rallyes became popular in the USA around the early 1950's. They are much like a giant board game - played on paved, public roads. Completing a TSD is based on skillful route following and precise driving at legal speeds.

**** Our graduation rallye "Gallopig Good Time" is on Sunday, Mar 20th. It's our first event of the 2016 rallye season. Entry is **FREE** to new and non-members.**
