Cometitor Relations

Amy Alderman

Since 2007 the Idaho Rally international has catered to many individuals who fantasize about surfing over gravel, dirt, and paved roads at breakneck speeds in carefully built machines. All with the common hope to be the fastest from point A to Point B.

Idaho is the ultimate playground for these drivers and their machines. The beautiful scenery, windy roads, incredible elevation changes and the decomposed gravel for road surfaces makes Idaho an incomparable region for rallyists.
