11.0 ADVERTISING and IDENTIFICATION

11.1 ORGANIZERS ADVERTISING

Competition numbers and rally plates must be affixed on the car before Scrutineering

11.2 IDENTIFICATION NUMBERS

Any advertising on competing vehicles must not conflict with the car's official rally number, as this would prevent vehicle recognition by event officials. The Crews must meet the advertising and identification requirements of the diagrams and table outlined in ARA bulletin 2019-2

12.0 TIRES

The use of studded or spiked tires is prohibited under penalty of exclusion.

13.0 FUEL

The Official fuel supplier for this event is VP Fuels. Details will be in a bulletin. Refueling at service stations in Boise, Idaho City and Horseshoe Bend is allowed. United States Federal Law prohibits the use of leaded fuel for road going vehicles.

13.1.2 In designated re-fueling zones, the competitors and/or their crew members (one doing the refueling and one holding a fire extinguisher) do refueling.

13.1.3 If the competitors remain in the car during refueling, the vehicle doors must be opened and the seat belts completely undone.

In the absence of explicit written exceptions service personnel are restricted in their movement during the rally to the official service areas and routes.

20.0 SWEEP CREW

If the sweep car comes upon a stopped competitor, sweep can assist until it is determined that further assistance will delay the rally. Then they must make sure the vehicle is as safe as can be, have the crew put up triangles and OK sign, pull the time card and then the course closing proceeds to the finish. Continued efforts to extract the vehicle, unless it is in a very dangerous position, will only delay the rally.
