# 2019 Event activities

Activities open to the public during the 2019 Idaho Rally International will Run from Friday the 21st to Sunday the 23rd.

We start with the Larry H. Miller Park Expose. Here you will be able to see and meet the drivers of the event as well as get up close to the over the top competition vehicles. There will also be food and other activities. You will get to watch live tech inspection (scrutineering) of the competition vehicles. We do ask that you give the inspectors room to perform there duties. There are many vehicles and limited time. We encourage you to attend.

Saturday and Sunday are competition days. The competitors will be focused on on there performance so they may not be able to interact much. Competitors will be staging in Idaho City and it will be fairly packed with both teams and spectators. Please be courteous to every one involved. We all want to enjoy this.

Both Saturday and Sunday will have a spectator area available. This guide has directions to that area and you are welcome to come and go. The access is regulated since it does cross a competition road.

Sunday will end with a second Park Expose as part of the Trophy ceremony in Idaho City. This gives a little before and after look at the vehicles. Every one is encouraged to attend this as well. Teams love to be cheered on. Especially as they spray each other with Champagne.
